## COLLINS HOME AS MEMORIAL

Committee Takes Option On Home of Late John T. Collins As Memorial For Soldiers

### PLEDGES TO BE COLLECTED

Following the report of the memorial committee appointed a few weeks ago to ascertain the wishes of families of the Bourbon county boys who gave their lives in the world-war, as to their preference for the form the memorial should take, and who were reported as being practically unanimous in favor of a memorial building, an option has been secured on the John T. Collins residence, at the corner of Broadway and High streets. The building is a substantial two-story brick, containing about twelve rooms, and basement, with yard attached.

This was originally erected by the old Deposit Bank as a banking house, and at the time was considered one of the handsomest banking establishments in the State. After the removal of the bank to its present location on Main street, the property was purchased by the late Louis Frank, pioneer dry goods merchant of Paris. At his death Mr. Frank's son, Bismark Frank, converted the building into a residence. After his death the property was purchased by the late Jno. T. Collins, who made extensive improvements, making it one of the most desirable residences in the city.

It is the intention of the committee to convert the building into a home for the various civic and official organizations of the city, including the Mother's Club, Commercial Club, Farm Bureau, D. A. R., U. D., of C., K. of C., Bourbon County Red Cross, War Mothers, American Legion and others, and includes a rest room for women. A committee composed of James M. Caldwell, John M. Brennan, N. Ford Brent and W. D. McIntyre has been appointed to collect the money due on former pledges and to secure others, and to confer with the various organizations as to what assistance may be expected from them in promoting the enterprise.

## TELEPHONE EMPLOYEES AND GUESTS ENJOY BANQUET

About two hundred and fifty persons enjoyed the hospitality of Paris Local No. 12, of the Southern Association of Bell Telephone Employees at their first annual banquet and dance given in Paris Saturday night. From every point of view the affair was a perfect success which its originators had been striving for the past month.

The banquet was served in the large show room of the Mammoth Garage, which the committee of young women in charge had transferred into a hall of beauty. The colors of the American flag predominated in the decorations, and ferns, potted plants and cut flowers added beauty to the scene. Miss Mayme Fitzgerald, chief operator, and chairman of the entertainment committee, was assisted by Miss Kate Howard, Miss Margaret Shea, Miss Marcella Ryan and Mrs. May Weigott. The entire affair was under the direct supervision of Local Manager W. C. Rees, who had as his aide J. H. Neal, plant foreman. The banquet, prepared under the supervision of Mrs. Carl Crawford, was an elaborate one, and embraced old country ham, bluegrass turkey, creamed potatoes, celery, hot rolls, coffee, individual cherry pies, ice cream, cake and mints, during the enjoyment of which a jazz orchestra rendered up-to-date music.

F. A. McCann, Division Plant Superintendent, of Louisville, acted as toastmaster. Short addresses were made by E. M. Dickson, local attorney for the Association, Mayor E. B. January, County Judge George Batterton, Attorney Wade H. Whitley, Sheriff M. Peale Collier, Councilman Wm. Kenney and I. W. Bush. Invitations had been extended to all county and city officials, and most of them were present. Charles A. Sawyer, Division Chairman of the Association, in behalf of his associates, thanked the officials and other guests for their presence. Among the prominent officials present were the following: From Louisville—M. E. Floersch, Division Traffic Superintendent; C. A. Sawyer, Division Chairman of Employees Association; L. G. O'Callaghan, District Traffic Manager; J. A. Robertson, a Suburban Traffic Manager; C. B. Jacobs, District Manager; F. A. McCann, Division Plant Superintendent; from Winchester—H. H. Floyd, Local Manager; O. R. Weber, District Manager; E. R. Hearin, District Traffic Manager; C. B. Watson, District Manager; James D. Cottman, Superintendent of Construction; M. M. Mitchell, District Plant Manager; H. S. Scrivener, Traffic Department. Richmond also sent a large delegation, and practically every town in Central Kentucky was represented, the fair sex predominating. Following the banquet dancing was indulged in at the Masonic Temple until twelve o'clock.

### "KILTIES FOR KIDS"

THE NEW SKIRTS FOR GIRLIES. ASK TO SEE THEM AT THE LEADER.

### BASKET BALL

Arrangements for the ninth athletic district basket ball tournament, to be held at the Lexington Senior High School Friday and Saturday, were made at a meeting of the committee in charge Saturday morning at the High School with the chairman, Principal Charles E. Skinner, presiding.

The girls and boys teams of High Schools in Jessamine, Fayette, Bourbon, Harrison and Scott will participate in the games to decide the district championship. The Lexington High School will be host to all the teams.

The Paris High School teams returned Sunday from a three-days' trip North. The boys were defeated by Covington by an overwhelming score of 27 to 4. The Paris boys are sure the obstructions on the Covington floor accounts for this disastrous defeat.

Next day at Dayton the Paris boys nosed out the Dayton clan by a score of 33 to 17, much larger than they were beaten by Dayton on the local floor, 22 to 16.

The Paris girls were less fortunate, in being defeated by the Dayton bloomer squad by the small margin of 4 to 2, not so well as the Paris girls did on the Paris floor, by the score of 23 to 6. An extra five minutes was allowed to play off a 2 to 2 tie, and the Dayton girls rang up the winning mark just before the final whistle.

## CITY COUNCIL PROCEEDINGS

Council Repeals Ordinance Which Prevented Erection of Colored Church Building

### TO ACT WITH COMMERCIAL CLUB

At the regular meeting of the Board of Council, held in the Council Chamber, in the City Hall, Mayor E. B. January presided, with a full Board present.

Harold Harris, secretary of the Paris Commercial Club, on behalf of the Board of Directors, asked the Council to appoint a committee to confer with a like committee from the Commercial Club in regard to the license ordinance that is to be adopted in April. He stated that the Commercial Club thought much good might be accomplished by the cooperation of the two organizations. It was agreed to have the entire Councilmanic body meet with the Board of Directors of the Commercial Club at some future date.

J. Withers Davis, representing the Bourbon County Memorial Committee, asked the Council to what extent it would be willing to cooperate with the committee in furthering the memorial movement. The matter was referred to a committee composed of Councilmen Speakes, Kenney and Mitchell.

Drs. Wallingford and Gilkey presented a bill for \$150 for services rendered to a charity patient who developed small pox several months ago, after he had been taken to the Hospital suffering with appendicitis. Councilman Kenney moved they be allowed the sum of \$50, but the move met with no second.

Attorneys W. H. Whitley and Robt. C. Talbot, representing the African Baptist Church, appeared before the Council in behalf of the directors of the church, asking a permit for erection of a house of worship, to cost in the neighborhood of \$40,000, to be erected on their lot at the corner of Short and Sycamore streets. A former building ordinance, which would have prevented the permit being graded, was repealed. Councilmen Doyle and Skillman voted against it. Another ordinance was adopted which will give the Council power to grant the permit. There was opposition to the building of the church in that location by several property-owners of the vicinity. On advice of City Attorney C. A. McMillan no permit was granted at that time, Mr. McMillan stating that there was no ordinance making it necessary for anyone to secure a building permit for a building to be erected outside of the fire zone, although this had been customary for years.

### FORMER PARIS MINISTER NOMINATED FOR POSTMASTER

The name of Rev. B. M. Shive, formerly pastor of the Paris Presbyterian church, has been sent to the Senate by President Harding, for the position of Postmaster at Decatur, Alabama. The Senate is expected to act favorably on the nomination.

Dr. Shive has been acting Postmaster at Decatur for some time, and if his nomination is confirmed by the Senate he will succeed permanently the present Postmistress, Mrs. Kate Kirkpatrick, who has held the position for twenty-eight years. Dr. Shive has for two years been in Florida as State Director of the Near East Relief Fund. The Decatur Daily News publishes a half-tone photo of Dr. Shive, together with a short favorable comment on his appointment.

### BRANCH OF FARM LOAN ASSOCIATION ORGANIZED

Organization of the Bourbon county branch of the National Farm Loan Association was effected at a meeting held in the country house, when the following officers were selected: E. P. Wagoner, president; T. J. Haggard, vice-president; J. B. Caywood, secretary-treasurer.

A committee composed of Jesse Scott, John N. Shropshire and M. D. Neff was appointed to investigate applicants and to supervise loans. Sixteen members of the organization made applications for loans aggregating \$95,000, which were taken under advisement by the committee.

## TEN MILLION LOAN TO POOL READY

Representative of War Finance Corporation Says Cash Will Be Available When Asked For

### TOBACCO COLLATERAL FOR LOAN

Casselberry Dunkerson, of Louisville, well-known tobacco expert, who was appointed as the representative of the War Finance Corporation in its \$10,000,000 loan to the Burley Tobacco Growers Cooperative Association, was in Lexington in conference with President J. C. Stone and Secretary H. L. Early, of the Association. He said the loan would be forthcoming as requested by the Association and as it furnishes collateral as security for it.

Mr. Dunkerson's duties in connection with the loan will be to look into the grading, see that the papers are properly drawn and the warehouse receipts covering the tobacco in accordance with the requirements of War Finance Corporation. He was one of the members of the Louisville committee of tobacco experts who accompanied Louisville bankers to Lexington at the time the banks fixed the amounts they would loan on each of the grades of leaf held by the Association. Mr. Dunkerson will inspect the tobacco at all points in the district, which is to be offered as collateral for the finance corporation's loan.

Discussing the attitude of the War Finance Corporation officials toward the tobacco growers, Mr. Dunkerson said he had never seen manifested toward any organization or business concern a more reasonable or friendly attitude than that of the War Finance Corporation toward the Burley Tobacco Growers' Cooperative Association.

About twenty million pounds of tobacco, according to Dr. S. H. Halley, manager of storage for the Association, has been re-dried to date and is in position to furnish the basis for warehouse receipts which would be accepted as collateral on such a loan.

Deliveries in Lexington the past week have been heavy and are proceeding at about the capacity of the houses at all receiving points, Director of Warehouses Ralph M. Barker said. Ample facilities for the storage of the hogshead tobacco that has been re-dried have been provided by the addition of the Central and Big Burley warehouses in Lexington to those in which the tobacco is being stored.

Additional sales of tobacco in considerable amounts by the association were rumored on the streets. President Stone said that more tobacco had been sold, in fact was being sold "pretty much every day," and that he believed that the prices realized for the Association crop would be "entirely satisfactory" to the members. He adhered, however, to his policy, previously announced, of giving information as to purchasers and prices only to members of the Association.

### GARDEN CLUB TO HEAR NOTED SPEAKER

Mr. John C. Wister, of Germantown, Pennsylvania, President of the American Iris Society, will talk before the Lexington Garden Club in that city on Thursday, March 2nd. The lecture is to take place in the Woman's Club room on West Second Street at 3 o'clock.

The Lexington Garden Club has very kindly invited the members of the Bourbon Garden Club to attend this talk and on that account the first meeting to be held with Mrs. Hiram Roseberry will be on Friday, March 3rd, at 2 o'clock. It is to be hoped all members will make the effort to hear Mr. Wister as it will be an illustrated lecture on the "Planting and Planning of a Garden" and very worth while.

### RHEUMATISM

Do you know that rheumatism can be cured so that you can be your own good self again? It has been done not only once, but in almost every case by nature's great Remedy, Radio-Active Miwogco Mineral Water Baths at our Sanitarium. Moderate Rates. Write for literature. MIWOGCO MINERAL SPRINGS, (10-11) Milan, Ind.

## COMMERCIAL CLUB ENDORSES COMMUNITY SINGING

The Paris Commercial Club and the Bourbon County Farm Bureau heartily endorsed the Community Service plan of training community song leaders and urge their members to attend the sessions to be conducted by Mr. Morrison, of the national Community Service Headquarters of New York, in Paris, from March 1st to 18th. Fathers and mothers should recognize in this an opportunity for wholesome entertainment for their boys and girls. Corporations and large business concerns have long since learned the moral value of community singing. President George Eastman of the Eastman Kodak Company, has this to say about community singing:

"It is impossible to buy an appreciation of music. Yet, without appreciation, without the presence of a large body of people, who understand music and get enjoyment out of it, any attempt to develop the musical resources of any city is doomed to failure. We believe in undertaking a scheme for building musical capacity on a large scale from childhood."

### GAME OF AFRICAN GOLF RUDELY INTERRUPTED

Patrolman George W. Judy paid an official visit early Sunday morning to the livery barn and taxicab office of the Fuhrman Transfer Company, at the foot of High street and Second, where he found a party of nineteen negroes engaged in a game of "African golf."

Placing the entire party under arrest the officer lined them up on the outside to take them to jail. As they started one of them drew a revolver and fired six shots, in the resulting confusion several of the men made their getaway. The rest of the bunch were safely landed in the bastille under care of Jailer Taylor.

When presented in the County Court yesterday for trial eleven of the men pleaded guilty and were assessed fines of \$24.00 each.

### NEW HOUSE FOR SALE

NEW 7-ROOM HOUSE COMPLETE, HAS BATH, GAS, ELECTRIC LIGHTS, LOCATED ON NORTH CLIFTON AVENUE. BOURBON LUMBER CO. (nov25-1f)

## TOBACCO POOL DRIVE IN MARCH

County Chairmen To Direct Drive, Beginning March 13 For New Members

### DRIVE TO LAST A WEEK

A drive to sign up all the burley tobacco in the state of Kentucky, Ohio and Indiana to a five-year marketing agreement will be started March 13, with a view to completing it in a week, Chief of the Field Service Division Joseph Passonneau, of the Burley Tobacco Growers' Cooperative Association, recently announced.

The drive is to be conducted by the county chairmen who so successfully put over the signing up of 75 per cent of the burley crop of 1920, one of the requirements for the success of the cooperative marketing agreement under which members of the association have been delivering their 1921 crop of tobacco to warehouses controlled by the association and receiving cash advances on this crop for the past four weeks.

"Within the past two weeks," Colonel Passonneau said, "we have received 216 contracts, representing about 500,000 pounds of tobacco, many of them voluntarily signed by tobacco growers as soon as they learned that the opportunity would be given for those who had sold their 1921 crop outside the association to join it. We have felt that this comparatively large number of contracts indicated that there are a considerable number of growers who, for one reason or another, remained outside the organization last fall, but now want to come in and that they should have the opportunity.

"Therefore, it has been decided that the old county chairmen, who so successfully led the campaign last fall, shall conduct a drive the week of March 13, calling upon every grower outside the organization to sign the contract and thus present a solid front on the part of the growers in the heart of the burley district of the United States, consisting of the burley-producing counties of Kentucky, Ohio and Indiana."

"We Know How"
